

## STARTING IN AUTUMN 2022

**Are you looking for ways to keep on track and stay connected after formal training?**

### JOIN A PHYSIS SCOTLAND ONLINE EXTENDED TRAINING GROUP

Physis Scotland is delighted to be offering an online Extended Training Group (6 days over 10 months) starting in October 2022 to support practitioners who have completed their formal TA training and want to stay connected to other practitioners in a CPD group. We have pleasure in confirming the group will be facilitated by Ronen Stilman, TTA. Ronen is a Core Tutor at Physis Scotland.

The group will be open to trainees who have completed three years of core TA training (Foundation Year, Advanced Years 1 and 2), and either achieved or be working towards their Diploma Exam. It will be a closed group and have a maximum of 8 members.

#### **Joining an Extended Training Group will enable you to:**

- Develop your identity as a practitioner through presentations of theory of your own choice/interest
- Extend your knowledge of TA and the therapeutic process through further theory input by your trainer
- Share articles
- Receive support if you have some written work to complete within a group setting
- Receive supervision
- Discuss ethical dilemmas
- Receive group support and discussion about the Diploma Exam
- Participate in a mock exam – either candidate or examiner

The content of the days will be contracted for at the beginning of each day, depending on the needs and wants of the group members.

The group will meet **online** from 10.00 to 5.00 on **Saturdays**. The dates are as follows:
